Dear [voornaam],

Welcome to the November newsletter of Scientists4Future NL. To unsubscribe, see instructions at the end of this email.

The Future of Scientists4Future NL

Scientists4Future NL is an international network of motivated and involved individuals that are willing to shape our ideas according to your view and would like to shape your ideas according to your view and would like to shape your ideas according to your view. Scientists4Future NL was inspired by Friday for Future, to give an example of possible local activities. Scientists4Future Nijmegen was involved in the National Climate Action Week of 20-27 September. A local group has also been formed in Nijmegen, inspired by Fridays for Future.

International Climate Action Day of November 29th

This newsletter focuses on the first official local group that branched off from the national group. We are for example setting up a Q&A (Question & Answer) initiative, accompanied by an online group.

Upcoming events

27 Nov – 3 Dec: bilateral national group meeting (in Porto Alegre, Brazil)
28 Nov – National Climate Action Day
Cities like Nijmegen, with a considerable international university population, are increasingly involved in the climate debate. The importance of this debate cannot be denied, and therefore we would like to support and provide information about the cause of the strike during the mobilization.

Organizational Update on S4FNL Nijmegen

This newsletter will focus on the first official local group that branched off from the national group. We are for example setting up a Q&A (Question & Answer) initiative, accompanied by an online group.
