The role of scientists in times of the climate crisis.

We share national and international news regarding climate communication, 'Saving Us', is now available in Dutch ('Voor het ene leven').

14th June: More funding is still needed to make the march a success. You can donate to the good cause.

Scientists worldwide are taking to the streets to demand climate action. We hope this sends a signal.

Climate march, 19th June Rotterdam.

As part of the Amsterdams Kleinkunst Festival, scientist-actor Marjan Minnesma – Directeur Stichting Urgenda, #5, Marjan Minnesma – Directeur Stichting Urgenda, #4, Iman Stratenus – The Future Firm, ideas over the question: 'What will the Netherlands look in 2100?'

Interview a series of thinkers about the question: 'What will the Netherlands look in 2100?'
