Get involved!

The Scientist Rebellion NL is a coalition of hundreds of academics calling for an end to fossil fuels and support for energy transition. They are also campaigning on the subject of new fossil fuel permits. If you are aware of a draft permit for the extraction of fossil fuels under the Dutch Wadden Sea, you can take action by signing a letter. You can also support this by contacting your MEPs or ministers. To sign the letter, please email

contact@scientists4future.nl

d.a.sauter@uva.nl

This email has been sent to your inbox.

Carbon clocks everywhere!

The letter is now available on the S4F website: www.scientists4future.nl
